

Job Posting -- Course Instructor

Posting Date: June 2, 2022

HMB202H1S – Introduction to Health and Disease

Course Description: An introductory course in Health and Disease using an interdisciplinary approach that integrates bacteriology and virology with other aspects of human biology, including chronic disease and neoplasia. An exploration of the key concepts and approaches that are necessary for understanding the dynamic nexus of human health and disease.

Estimated course enrolment: 288 students

Estimated TA Support: to be confirmed

Schedule: Lectures on Fridays 11:00 am – 1:00 pm

Sessional Dates: January 1, 2023 - April 30, 2023

Salary (0.5 FCE): \$9,123.38 (for 1st time CIs) or \$8,142.51 (excludes vacation pay)

Final availability of the position is contingent upon enrolment, budgetary consideration and the determination of appointments as governed by the collective agreement.

Qualifications: Candidates should have a completed Ph.D. (preferred) with a scholarly background and recent experience in areas related to the course, and teaching experience.

Description of Duties:

- Preparing course syllabus and course marking scheme;
- Planning and teaching weekly lectures;
- Providing office hours for academic counselling of students;
- Setting and marking assignments/exams and course administration in accordance with University regulations as described in the Faculty of Arts & Science Academic Handbook for Instructors.
- Supervising TAs
